

Learning Management System Integration

abila[™] netFORUM

Abila netFORUM™ Integration Bridge to TopClass LMS

Update and synchronize key information between Abila netFORUM™ and TopClass with seamless user navigation between your website and Learning Management System.

Abila netFORUM™ clients can implement world-class learning solutions through a secure, off-the-shelf, two-way integration with TopClass LMS.

Seamless, Engaging, Personalized Experience

Single-sign-on and highly-customizable layouts and branding ensure that when users log in the member area of the website, they are automatically signed into TopClass and enjoy a professional, consistently branded experience across both the website and Association LMS.

Member profile information, group structures, and much more are synchronized from Abila netFORUM™ to TopClass LMS, enabling the use of AMS-based data to personalize the learner experience..

Real-time, Accurate Information and Reports

Due to the automatic two-way information exchange, the bridge makes ongoing administration a lot more efficient and less prone to errors because it eliminates re-keying of data such as member profiles, completed training courses or CE credits earned.

Abila netFORUM™ always has a complete, accurate and up-to-date picture of member training details as course completions, CE credits awarded, etc. are synchronized in real-time from TopClass LMS to Abila netFORUM™.

Increase Revenue, Streamline Processes

Boost non-dues revenue by reaching, connecting with, and converting education customers in more effective ways. Eliminate rekeying of data, which saves time, reduces errors, and provides better quality management.

The integration allows maximum automation via simple configuration, ensuring no re-keying of data is required. It simplifies the complexities around tracking, notifications, and reporting. In addition, it supports configurable workflows to align with the Association's processes, ensuring the required information is available in the right system.

TopClass learning management system is designed with ease of use in mind for all types of users. The robust two-way integration is available for both Abila netFORUM Pro™ and Abila netFORUM Enterprise™.

Two-Way, Real-Time Data Transfer for Seamless Learning Management

The flexibility of TopClass LMS provides powerful learning solutions for associations and extended enterprise, through an off-the-shelf integration with both Abila netFORUM Pro™ and Abila netFORUM Enterprise™. The two-way, real-time integration allows associations to increase non-dues education and certification revenue by providing a seamless, engaging, and personalized learning experience that ensures learners keep coming back to take more training. The robust, configurable integration allows associations to easily align TopClass LMS with internal processes and information needs.
